

Please Recycle Me Form - Help Our Planet

Recycle your unwanted Test & Measurement Equipment and Data Loggers at Instrument Choice for Free*

They don't even need to be purchased from us! We will have them recycled by our local approved e-waste recovery company.

With Instrument Choice it's easy to do the right thing!

Step 1. Print & fill out this form

Name

Company

Phone number

Email address

I would like to join the monthly mailing list to find out about new products and interesting applications. Yes No

Products to be recycled:

Step 2. Send your equipment and this form by post or courier to:

Instrument Choice
Att: Please Recycle Me
22a Cavan Rd
Dry Creek, SA, 5094

Step 3. We'll sort it out from here and get your equipment recycled for you!

*Conditions:

- We only accept test and measurement equipment and data loggers including: Anemometers, Chlorine Meters, Colorimeters, Conductivity/Salinity/TDS Meters, Thermometers, DO Meters, Gas Detectors (no gases or gas canisters are accepted), Hygrometers, Light Meters, Moisture Meters, ORP Meters, Water Quality Meters, Sound Level Meters, Thermal Cameras, Turbidity Meters, Weather Stations, Data Loggers, Borescopes, Calipers, Digital Scales, Distance Meters, EMF Meters, Force Gauges, Manometers, Pressure Gauges, Refractometers, Tachometers, Thickness Gauges, Vibration Meters, Multimeters, Process Transmitters
- If you have something you want recycled and are not sure if we can do it then let us know on 1300 737 871.
- We welcome different brands and different products than what we sell, they just must be within the field of products we sell, fair enough?
- You must provide shipping of the products to Instrument Choice, we will take care of the rest.
