

TESTBOY 55

Brake fluid tester DOT 3, DOT 4, DOT 5.1

The brake fluid tester, Testboy 55, quickly and accurately checks the water content in brake fluids DOT 3, DOT 4 and DOT 5.1. Due to different measurement areas, user-friendly operation and compact construction, it is equally suitable for use in car, lorry and motorbike workshops.

How you benefit:

- | Checking brake fluids DOT 3, DOT 4, DOT 5.1
- | Measurement location lighting
- | Long service life, as acid and alkali-resistant

Specifications

Technical Data	TESTBOY 55
Display	Optical via 3 LEDs
Measurement Range	DOT 3, DOT 4, DOT 5.1
Dimension	152 x 23,5 mm
Weight	40 g
Colour	black
Scope of Delivery	Incl. batteries
Power Supply	2 x 1,5 V AAA, LR03
Protection	IP 40
Standard	IEC/EN 61010-1 (DIN VDE 0411)
Protection	IP 40
Display	optical via 3 LEDs Good / Attention! / Replacement necessary
Dimension	155 x 22 mm
